Through the generous support of several local groups, the Library was able to purchase the 24 volume set of Collier Encyclopedia, 1962 edition. The following organizations contributed:

Parent Teachers Association
Wells Post No. 112, American Legion
Wells Post No. 112, American Legion Auxilliary
Ivygreen Rebekah Lodge

Epsom Woman's Club
McClary Grange

Mrs. Laura Beane and Mrs. Gertrude Stevens are serving on a committee to recommend titles to be purchased on the Helen M. Lombard Fund. Books already purchased from this fund are N. H. Nature Notes by Hilbert Siegler and three volumes in the Peterson Field Guide Series: Field Guide to the Shells, Field Guide to Rocks and Minerals and Field Guide to the Ferns. The balance remaining in this fund is \$6.32.

Approximately 450 records were given by Mrs. Louise Vesper in the memory of her husband, Mr. Arthur Vesper. These records were part of Mr. Vesper's unique collection of classical albums and are available for borrowing at the Library. Plans are being made to have these records catalogued. David Krenn, who also assumed the responsibility for their transportation to the Library, has offered his assistance in this project.

Large donations of books were received by the Library from Mrs. Edith Piper, Mr. and Mrs. Clayton Heath and Mr. and Mrs. Charles Buell. Back issues of the "Saturday Review" and the "Practical Builder" were presented to the Library. The former was given by Mrs. Kenneth Stockman and the latter by Mr. Donald Perry.

The Library has been able to continue its Tuesday evening hours, 7:00-9:00, through the support of several Friends of the Library serving as volunteer assistants for these hours.

National Library Week was observed in April by an exhibit at the Library of paintings by local artists under the direction of Mrs. Richard Worth. A story hour was also conducted by Mrs. Rose Borden, who has directed a series of story hours and film programs throughout the year. David Krenn operated the projector for the film programs. Mrs. Richard LaClair, representing the McClary Grange, was responsible in planning these special activities.

The Book Committee met with the Librarian during the summer and made many helpful recommendations. Those present were Mrs. Doris Philbrick, Dr. Emmet Russell, Mrs. Ruth Downing, David Krenn and Mary Steele.

On May 8th, the Librarian attended an evening session of the New Hampshire Library Association at Manchester.

Mary E. Steele, Assistant Librarian, was chosen as a delegate to the International Senior Girl Scout Round-up at Button Bay State Park, Vermont.

PREVENTION OF FOREST FIRES IS OUR RESPONSIBILITY

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms, and other business places were threatened with possible total destruction.

Carelessly set man caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry windy weather and preferably burning late in the day.
4. Have something to keep the fire under control — pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is potential danger when matches fall into the hands of children. It is never too early for parents to instill in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 3 fires. We burned 3 acres.

Permits issued 75

School opened in September with the following changes; Mrs. Katherine Crosbie was assigned to grade 2, Mrs. Elsie Fife was assigned to grade 1, replacing Mrs. Sharlene Smith who had resigned. Mrs. Doris B. Philbrick was elected by the board as an additional teacher and was assigned to grade 5, Mrs. Nancy J. Tobey replaced Miss Jacqueline Kezar in grade 4.

The continued increase in enrollment will make it necessary to add another teacher to the staff next year. This will make it possible to have a teacher per grade. Although this is of necessity, it will be possible to offer a better educational program.

However, it must be called to the attention of the community that the most pressing problem facing it, is the lack of adequate space. Three areas are now being used which were not originally planned for classroom teaching. The lack of a multi-purpose room and cafeteria

has made it necessary to suspend many important services and activities. You are encouraged to face the issue squarely so that you may resolve this critical problem. Your school board will present to the district several plans for additional, and much needed, space.

Through the generosity of Mrs. Edna Clark, who has volunteered her services, vocal music was reinstated in December. The end results are most gratifying to all concerned. The community is very fortunate indeed.

This is a legislative year and the continued increase in the cost of education will be reflected in the General Court. The need for increased state aid is unquestionable. The support that can be given to good legislation depends largely upon the interest and participation of the citizens in each community.

In conclusion, I should like to express my appreciation for the cooperation given me during the year by the citizens, school board, teachers and pupils of Epsom. A special thank you to Mrs. Clark for her contribution in music.

Respectfully submitted,

RAMON MARTINEAU,
Superintendent of Schools

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

In the following report I have attempted to clarify the duties of the School Nurse, and to explain briefly the school health program.

My schedule must of necessity be a flexible one. However, it allows for at least one visit per week to each of the schools in the area, and a second weekly visit is frequently made to each of the two largest schools — Barrington and Epsom. The schedule is set up in this manner:

Barrington — Monday

When a second visit seems necessary it is made on Thursday afternoon.

Epsom — Friday

A second visit to this school would be made on Tuesday afternoon.

Northwood — Wednesday

Nottingham — Tuesday

Strafford — Thursday

Changes are made as needed to accommodate the immediate needs of any particular school. In which case, the principal of the school scheduled for a visit is notified. This makes it possible, in the event of an emergency, for the nurse to be located by any of the schools without undue delay.

All pupils are examined as soon after the start of the school year as possible. Height, weight, teeth, tonsils and eyes are checked then. The hearing test may also be given at this time or be done in the spring. Inspection of hair and scalp is done at least twice yearly.

Notices of defects are sent home, and these children again checked at a later date to determine the number of corrections which have been made. When recourse to the health resources of the state seems advisable, referrals may be made by the school nurse, and she provides application forms.

First-aid at the school is given by the nurse if she is present. Otherwise it is given by the teacher and later checked by the nurse if this appears to be warranted. Also, any child showing symptoms of illness or disease is seen by the nurse if possible. The parents are notified of the child's condition, and it is their responsibility to provide transportation home; although under certain circumstances the nurse may see fit to take the child home.

Home visits are made, either in response to a request by the parents, or when it is felt that a personal discussion with the parents might be of benefit to all concerned. As of December 31, 1962, a total of 101 home calls had been made.

I have been very graciously received by the parents, and they have been most cooperative in providing the necessary care for the children. It is this cooperation which makes a real success of the health program. I am deeply grateful for it.

I also wish to express appreciation to Mr. Martineau, the School Board and Teachers for their helpfulness.

Respectfully submitted,

DOROTHY Y. WELLS, R.N.,
School Nurse
